

AIA-DAGA 2013
Conference on Acoustics
18-21 March 2013, Merano, Italy

EAA Euroregio
EAA Winter School

The Acoustical Society of Italy (AIA) and the German Acoustical Society (DEGA), in cooperation with the Austrian Acoustics Association (AAA) and the Swiss Acoustical Society (SGA-SSA), will organise the AIA-DAGA 2013 Conference on Acoustics.

This Conference has been recognized by the European Acoustics Association (EAA) as "EAA Euroregio" and will include an "EAA winter school" for young researchers. It will include the 40th AIA Annual Conference and the 39th DEGA Annual Conference (DAGA).

The Conference will be held from 18 to 21 March 2013 in Merano, an attractive town, in the South Tyrol Region, located along the Passirio river close to the Dolomites. The Conference venue is the *Kurhaus* building. As with similar buildings in the thermal towns of Central Europe, the Kurhaus was built in *Jugendstil* in the mid 1800's to entertain guests.

The Conference will include key-note lectures, invited and contributed papers (presented in oral and poster communications) arranged in parallel structured sessions, and workshops.

Updated information on AIA-DAGA 2013 will be available on the websites of both the organizing Societies.
